## Introduction

This information package refers to all the rights and obligations that applicants for international protection and/or beneficiaries of international protection should enjoy and/or have access to, once released by Pournara FRC or exiting the Reception and Accommodation Centre of “Kofinou” or “Limnes”. This also includes the set of services offered among the Cypriot territory and a detailed description of how to access them. This information package is therefore divided into 2 main sections:

1. Rights and Obligations for **applicants for international protection**.
2. Rights and Obligations for **beneficiary of international protection** (Refugee Status and Subsidiary Protection).

Lastly, at the end of this package there will be 2 additional sections, one offering a comprehensive list of International Organizations and NGOs providing services to asylum-seekers and another one listing down other useful contacts and information for both applicants and beneficiary of international protection.

### SECTION 1: Rights and Obligations for applicants for international protection

#### 1. Asylum Procedure

Following the lodging of the asylum application, the Asylum Service (CAS) will notify in advance through phone and/or official written letter about the date and time of the asylum interview.

#### 2. Change of Address / Phone number

To change the home address and/or phone number, applicants need to provide to the Asylum Service:

- the alien book or confirmation letter (original and copy) and,
- proof of address (rental agreement or utility bill in own name<sup>1</sup> original and copy).

**This is very important because, in case the authorities send letters to the applicants which remain unanswered, they can close the applicant's file.** In case of changing phone number, the same procedure should be followed, as the same issue may occur. Applicants may confirm the change of their address after a visit at the Asylum Service.

Also, to continue receiving mails by post at home, it is recommended to change the address at the **Asylum Immigration Unit of the Police (AIU) of the district of residence**, which serves as the designated alternative location for submitting change declarations, in place of the main Asylum Service offices.

---

<sup>1</sup> If the proof of address is not in own name, then a community certification is needed from the Head of the community of residence.

Applicants are required to complete a specific form which is provided to them. The form, along with the aforementioned documents, are being examined and when ensured that everything is correct, the requested change is confirmed.

To change the address/phone number, applicants shall visit one of the following Offices below open from 08:00 – 13:00:
